

FAMILIA DEICAS

URUGUAY

SINGLE VINEYARD TANNAT DOMAINE CASTELAR 2015

The Deicas family has dedicated the past 15 years to pioneering vineyard sites in Uruguay, leading to the development of new growing areas for Tannat, the country's emblematic varietal.

Vineyard: Domaine Castelar

Region: Progreso - Canelones

Size: 67 acres

Soil: Expansive clay soil, enabling deep aeration of the profile during its cracking in the summer; high calcium carbonate content

Wine:

Domaine Castelar Tannat owes its concentrated fruit aromas to the expansive clay that cracks in the summer heat, forcing the roots to dig deep. Planted by the Deicas family more than 20 years ago, the estate fruit is defined by a bright fruit expression that bursts with energy on the palate.
